Standard Pillow sizes are best for all other bed sizes.

Handy Tips when ordering bed linen:

- Fitted sheets and mattress protectors should fit “snugly” so you need to know your mattress size.
- If you want your flat sheets to tuck in well - order a size bigger than your bed - i.e. for a queen bed order a king flat sheet.
- Duvet covers and pillow cases will depend on the size of the Inners you have, or that you order. Check the sizes on our order forms.
- If you have an Xtra length bed – order the size bigger for duvet inners and their covers.
